Service Contract with [REDACTED]

25X1A5a1

1. This branch uses only published information by [REDACTED] and has not benefitted in the past from the service contract with them. Attempts in previous years to use the contract have always failed. The requests were forwarded through ONI who decided to provide us the information requested without reference [REDACTED]. Since we had already obtained the information available in ONI the attempt to get any additional information from [REDACTED] met with failure.
